**Post Description:** Programming Edison Robots using Python (Aug 8) hosted by [TechGirlz.org](http://TechGirlz.org) in Pittsburgh. Curious about robots? Meet Edison, a Lego compatible robot that is fun and easy to program. These robots are inexpensive and can be coded with blocks or in Python. In this workshop, students will have the opportunity to learn about robots, explore Edison and program it in Python to avoid obstacles or follow a line. Students will also participate in a collaborative robot mission!
