Development Updates

STARportal Development Priorities for 2019-2020

- Completed/Closed
 - Analytics Dashboard
 - Share/Print/Save Functionality
 - Add Citizen Science Activities
- Exploring National Science Week Exchange

The screenshot displays the National Science Week 2020 website interface. At the top, the header includes the event dates '15-23 August 2020', the 'national science week' logo, and the Australian Government Initiative logo. A navigation bar contains links for HOME, FIND AN EVENT, BLOG, SCHOOLS, GET INVOLVED, REGISTER AN EVENT, FAQ, and CONTACTS. Below this is a 'SCIENCE WEEK EVENT SEARCH' section with a search bar for 'Suburb or postcode', date pickers for 'From' (Today) and 'To' (All dates), and a 'Keyword' field. Search filters include 'Audience' (Any age), 'Topic' (All topics), and 'Features' (Free, Wheelchair access, Include Private Events). The search results section shows '8 events and 1 competitions/online activities match the current search criteria'. The main content area is divided into three columns: 'Events', 'Competitions & online activities', and 'Map'. The 'Events' column features a listing for 'NATURAL CURIOSITY: DISCOVERING THE SECRETS OF QUEENSLAND'S GREATEST COLLECTIONS' at the Museum of Tropical Queensland, Townsville, QLD, with a description and a photo of various jars containing specimens. The 'Competitions & online activities' column features a listing for 'WATERBUG BLITZ WORKSHOPS ACROSS AUSTRALIA!' with a description and a 'SEE ALL' button. The 'Map' column is currently empty.

The Circuit Project

Questions

Next Meeting

- February/March 2020
- Agenda Items and Topics of interest
