

## Collaborative Online Community Meetings 2017 Meeting Schedule

To provide on-going support, the NGCP hosts online meetings focused on topics that provide an opportunity for Collaborative Leadership Team members to share strategies and lessons learned. In addition, the NGCP National Leadership Team shares project updates.

Each Leadership Team is expected to have at least one participant for each online meeting and broad representation of Leadership Team members is encouraged. Meeting details and reminders are sent to the Collaborative Leadership Team member distribution list. All meetings are recorded and archived in SharePoint in the [Collaborative Support Calls and Webinars](#) folder.

Collaborative Leadership Team members and external guests may develop and lead some meetings. This schedule will be updated as topics and presenters are identified.

**September, October, and November will be held at 1:00PM Pacific, the Second Wednesday of those months**
