To provide on-going support, the NGCP hosts online meetings focused on topics that provide an opportunity for Collaborative Leadership Team members to hear from external partners on strategies, research, and exemplary practices.. In addition, the NGCP National Leadership Team shares project updates.

Each Leadership Team is expected to have at least one participant for each online meeting and broad representation of Leadership Team members is encouraged. Meeting details and reminders are sent to the Collaborative Leadership Team member distribution list. All meetings are recorded and archived in SharePoint in the Collaborative Community Webinars folder.

This schedule will be updated as topics and presenters are identified.

All meetings at 1:00pm Pacific, Second Wednesday each month
