

## Collaborative Online Community Meetings 2019-2020 Meeting Schedule *Second Wednesday at 11:00am Pacific/2:00pm Eastern*

To provide on-going support, the NGCP hosts online meetings focused on topics that provide an opportunity for Collaborative Leadership Team members to hear from external partners on strategies, research, and exemplary practices, as well as for the NGCP National Leadership Team to share project updates.

Each Collaborative Leadership Team is expected to contribute at least one participant to each meeting and broad representation of Leadership Team members is encouraged. Meeting details and reminders are sent to the Collaborative Leadership Team member distribution list. Meetings are recorded and archived in SharePoint in the [Collaborative Community Webinars](#) folder.

This schedule will be updated as additional topics and presenters are identified.
