NGCP COLLABORATIVE LEADERSHIP TEAM MEETING: MARCH 11, 2020
CHAT TRANSCRIPT

Karen Peterson:Welcome! Introduce yourself here.

Kathy Thomas:Hello everyone, Kathy from The Connectory here. Glad to be joining you today.

Velda Vanessa:Velda Vanessa, MATE PA Regional & PA STEM Girls Collaborative - Hello Everyone!

Tricia Berry - TxGCP & UT WEP:Hi from the Texas Girls Collaborative Project and UT Austin Women in Engineering Program. Collaboration has allowed my program to grow to serve over 12,000 precollege students annually (collaborations to redesign and expand programs, create gender-friendly content, share spaces/resources, etc.).

Velda Vanessa:My work depend on collaborations from various universities and industry and university professionals that serve as mentors and judges to 300 students in the region and 1500 students globally

Velda Vanessa:Thanks Karen

Barbie Little:Hi everyone, Barbie from the WVGCP

Casi Herrera:Hello everyone! Casi from the NGCP National Team here. Happy to see you here!

Barbie Little:Collaboration has enhanced my work by allowing me to work with other programs such as 4-H to bring amazing programs to rural areas in WV

Lisa Kovalchick, PA:Hi All, It's Lisa from PA!

Velda Vanessa:Hey Lisa

Lisa Kovalchick, PA:Collaboration has allowed us to have much more reach throughout the state. Recently, we have been working closely with libraries, who are GREAAT partners. We have also worked with 4-H.

Lisa Kovalchick, PA:Hi Velda!

Amanda Fisher:Hello! Amanda from ASTC and the NGCP National Team here!

Lorena Harris:Hello!!! Lorena from NY STEAM Girls Collaborative and SUNY SCCC

Karen Peterson:Feel free to share your video if like - thanks for joining us!

Karen Peterson:And ask questions here.

Tricia Berry - TxGCP & UT WEP:Is the widget considered direct?

Tricia Berry - TxGCP & UT WEP:next time...

Karen Peterson:If you think you might want to use the free widget, reach out to kthomas@ngcproject.org

Casi Herrera:Great photo of Lisa front and center!

Lisa Kovalchick, PA:Hahaha, thanks!

Tricia Berry - TxGCP & UT WEP:Our Texas Education Agency is launching STEM Ecosystems in regions across the state....and our TxGCP network will be joining in. Should amplify our efforts statewide and give our regional teams a place to better connect, support, engage, etc.

Tricia Berry - TxGCP & UT WEP:Our Greater Austin STEM Ecosystem is launching Action Teams and TxGCP will lead the Advancing Girls and Women in STEM one. :)

Tricia Berry - TxGCP & UT WEP:Yep...we no longer have to lead for EVERYTHING...and can focus on girls. STEM PD Providers; out of school time; eclipse 2024

Lorena Harris:Girls from GS troop made STereotypes Busted!!! in three little scenarios in regards to Gender Stereotypes :)

Lisa Kovalchick, PA:In PA, we've been working with Leap Into Science. We did 3 trainings last year and have 3 more planned for this year. We also have hosted several workshops on CryptoClub, Scratch, and Alice (programming).

Lorena Harris:They did Cultural, Gender and Criminal Records Stereotypes (I hope to send our blog soon)

Barbie Little:Getting ready to launch a rural region micro:bit project as well as several big Leap trainings

Kathy Thomas:The No Limits Blog Posts have been super!

Lorena Harris:We will have three sessions of CryptoClub sessions in the Fall 2020 for our Rise High Inc 7 and 8 graders.

Kathy Thomas:Global Girls First E-newsletter (please share): https://conta.cc/2v4kDoh

Kathy Thomas:Global Girls Partners: http://www.futuristas.org and https://www.starportal.edu.au

Lisa Kovalchick, PA:We had a COMETS program in PA that participated in 2018.

Kathy Thomas:NASA's Universe of Learning (Girls STEAM Ahead): https://www.universe-of-learning.org/gsawn

Kathy Thomas:Girls Have No Limits Overview: https://ngcproject.org/NoLimits

Kathy Thomas:Girls Have No Limits Blog: https://ngcproject.org/GirlsHaveNoLimitsBlog

Tricia Berry - TxGCP & UT WEP:role models throughout the auto industry

Tricia Berry - TxGCP & UT WEP:role models throughout the game industry

Lorena Harris:A showcase or event to show the different ideas done (including CS, Math, Physics and its connection with big dreams!)

Tricia Berry - TxGCP & UT WEP:A "dealer event in a box" kind of collaboration event guide would be fun

Lorena Harris:The building behind the scene of toys/ cars... Industry + sales + manufacturing! -- awesome!

Lisa Kovalchick, PA:Thanks! Bye, everyone!

Lorena Harris:Thanks!!! Right back to you!!! thank you!

Amanda Fisher:thanks, all! Bye!

Tricia Berry - TxGCP & UT WEP:Thanks!~

Lorena Harris:ciao!!! Stay safe!!!
