

Collaborative Online Support 2015 Meeting Schedule

To provide on-going training and support the NGCP hosts online meetings focused on topics that provide an opportunity for Collaborative Leadership Team members to share strategies and lessons learned. In addition, the NGCP National Leadership Team shares project updates.

Each Leadership Team is expected to have at least one participant for each online meeting and broad representation of Leadership Team members is encouraged. E-mail invitations are sent to the Collaborative Leadership Team member distribution list with connection details. All meetings are recorded and archived in SharePoint in the [Collaborative Support Calls and Webinars](#) folder.

This year NGCP will invite Collaborative Leadership Team members to develop and lead the April and September meetings. This schedule will be updated as topics and presenters are identified. The range of topics may include Local Partnerships, Collaborative Partnerships, Events, Outreach, Engaging Leadership Teams/Champions Boards or other topics proposed by Collaborative Leadership team members.
